# **BUSINESS REVIEW**

## **Overview**

In August 2008, CCT Resources Holdings Limited (the “Company”) successfully completed a milestone acquisition of 100% equity interest in Merdeka Timber Group Ltd. (“MTG”). MTG and its subsidiaries (the “MTG Group”) will be engaged in upstream and downstream forestry operations in the natural forest concessions of approximately 313,500 hectares, located in the Papua Province of Indonesia. Following the completion of the disposal of the loss-making e-commerce business (the “B2B Business”) in September 2008, the Company and its subsidiaries (the “Group”), will continue to be engaged in the trading business and will expand its core business into the promising forestry business. This strategic move demonstrates the Group’s commitment to create value to our shareholders.

In view of the recent business development of the Company, the board of directors of the Company (the “Board”) is pleased to announce that the change of the name of the Company from “Tradeeasy Holdings Limited” to “CCT Resources Holdings Limited” and the adoption of the Chinese name “中建資源集團有限公司” to replace “易貿通集團有限公司” for identification purposes took effect on 22 September 2008.

## **Review of operations**

For the six months ended 30 September 2008, the Group incurred a loss of approximately HK\$12,966,000 for the period under review as compared to a loss of approximately HK\$1,419,000 in the same period last year. The increase in loss was mainly due to (i) charging of non-cash imputed interest in the amount of approximately HK\$7,372,000 on the liability components of the zero coupon convertible bonds issued in August 2008 for the acquisition of the forestry business; (ii) inclusion of the operating costs of the forestry business in the amount of approximately HK\$1,504,000 since its acquisition; and (iii) the increased operating loss from the discontinued B2B Business due to the global financial crisis and the worsening operating environment. The increased loss has been partly offset by the realised gain of approximately HK\$3,362,000 arising from the disposal of the B2B Business.

## **Forestry Business and the Trading Business**

After completion of the acquisition of the forestry business, the Group has entered into the high-growth natural resources business. The Group will be engaged through the MTG Group in the upstream operations of logging and harvest of timber in the natural forests with total areas of approximately 313,500 hectares in Papua, Indonesia. The MTG Group will also be engaged in the downstream operations of producing timber and other wood products for export out of Indonesia. Business plans have been drawn up and implemented according to schedule to develop and establish the forestry business. During the period under review, the forestry business reported a loss of approximately HK\$1,504,000 representing start-up costs since acquisition.

The Company will continue to expand the trading business. The Board believes that the trading business has good potential to grow.

## **B2B Business**

The B2B Business were affected by the financial turmoil in the United States and its operating loss for the six months ended 30 September 2008 widened to HK\$7,081,000 as compared to a loss of HK\$1,325,000 for the six months ended 30 September 2007. In order to dispose of the loss-making business, the Company entered into an agreement on 8 August 2008 to sell the B2B Business to an independent third party. The disposal was completed in September 2008, enabling the Group to focus on redirecting its resources into the trading business and the forestry business which the Board believes have better potential.

After taking into account the realised gain arising from the disposal of the B2B Business, the net loss of the B2B business amounted to approximately HK\$3,572,000 for the six months ended 30 September 2008.

## **Outlook**

The Board is optimistic about its forestry business given the increasing price and global demands for timber and wood products. In consequence of huge demand of timber and wood products versus diminishing supply, the price of timber and wood products are expected to maintain at a high level. We will dedicate more resources to the development and exploration of the forestry project which will become the major driver of growth in revenue and profitability of the Group. The Board believes that the forestry business that the Group has acquired will have huge potential and good future trading prospect. The Board further believes that the trading business has good potential to grow and it is expected that its contribution to the Group will increase in the future.

## Capital Structure and Gearing Ratio

<i>HK\$'000</i>	<b>30 September 2008</b>		31 March 2008	
	<b>Amount</b> <b>(Unaudited)</b>	<b>Relative %</b>	Amount (Audited)	Relative %
Convertible bonds (liability component)	<u>749,657</u>	<u>77.6%</u>	–	–
Total borrowings	<u>749,657</u>	<u>77.6%</u>	–	–
Equity	<u>215,992</u>	<u>22.4%</u>	<u>57,843</u>	<u>100.0%</u>
Total capital employed	<u><u>965,649</u></u>	<u><u>100.0%</u></u>	<u><u>57,843</u></u>	<u><u>100.0%</u></u>

The Group's gearing ratio was approximately 77.6% as at 30 September 2008 (31 March 2008: nil). The increase in the gearing ratio was due to the issue to Merdeka Commodities Limited ("MCL") of the zero coupon convertible bonds in the principal amount of HK\$776,880,000 (the "MCL Convertible Bonds") as part of consideration to acquire the forestry business and the issue to Manistar Enterprises Limited ("Manistar") of the zero coupon convertible bonds in the principal amount of HK\$138,840,000 (the "Manistar Convertible Bonds") to provide funds for the development and operations of the forestry business. Manistar is a wholly-owned subsidiary of CCT Telecom Holdings Limited ("CCT Telecom"), which is the Company's ultimate holding company. The total amount of the liability component of the MCL Convertible Bonds and the Manistar Convertible Bonds is estimated to be HK\$749,657,000. Both the MCL Convertible Bonds and the Manistar Convertible Bonds are interest free, have a maturity date of 12 August 2011 and are convertible into shares of the Company at the initial conversion price of HK\$0.1 per share (subject to adjustment according to the terms of the convertible bonds). As the conversion price of the MCL Convertible Bonds and the Manistar Convertible Bonds is still below the current market price of the Company's share, it is likely that the convertible bonds will be converted into shares of the Company by the bondholders in the future and thus relieving the obligations of the Company to repay the convertible bonds. Other than the convertible bonds, the Group has no other borrowings.

As at 30 September 2008, the maturity profile of all the convertible bonds of the Group is falling due in the second to the fifth year. There was no material effect of seasonality on the Group's borrowing requirements.

On 2 October 2008, part of the MCL Convertible Bonds in the principal amount of HK\$20,000,000 was converted by MCL into 200,000,000 new shares of the Company and part of the Manistar Convertible Bonds in the principal amount of HK\$60,000,000 was converted by Manistar into 600,000,000 new shares of the Company.

## Liquidity and Financial Resources

	<b>30 September 2008 (Unaudited) HK\$'000</b>	31 March 2008 (Audited) HK\$'000
Current assets	<b>169,165</b>	58,885
Current liabilities	<b><u>10,920</u></b>	<u>9,752</u>
Current ratio	<b><u>1,549.1%</u></b>	<u>603.8%</u>

Current ratio as at 30 September 2008 was 1,549.1% (31 March 2008: 603.8%). The strong liquid position was mainly attributable to the cash proceeds derived from the issue of the Manistar Convertible Bonds in order to provide funds for the development and operations of the forestry business.

As at 30 September 2008, the Group's total cash balance amounted to approximately HK\$165,638,000 (31 March 2008: HK\$37,303,000). Almost all of the Group's cash was placed on Hong Kong dollar deposits with licensed banks in Hong Kong.

### Foreign currency exposure

The Group's reporting currency is in Hong Kong dollars. During the reporting period for the six months ended 30 September 2008, most of the transactions, assets and liabilities of the Group were denominated in Hong Kong dollars and Renminbi. During the period under review, since the Group had both Renminbi receipts and payments, the net Renminbi exposure was not significant. The transactions denominated in Renminbi were entered into by the Group in relation to the B2B Business and its disposal will therefore eliminate our exposure to Renminbi in the future. The Board considers that the Group's exposure to foreign exchange risk was not significant, therefore, no hedging transaction was made during the period under review.

### Contingent liabilities

As at 30 September 2008, the Group did not have any significant contingent liabilities.

## **Acquisition and disposal of subsidiaries and affiliated companies**

Save for the acquisition of the MTG Group in August 2008 and the disposal of the B2B Business in September 2008, the Group did not acquire or dispose of any material subsidiaries and affiliated companies during the period under review.
