FIRST QUARTERLY RESULTS ANNOUNCEMENT FOR THE THREE MONTHS ENDED 31 MARCH 2014

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

During the three months ended 31 March 2014, the principal businesses of Merdeka Mobile Group Limited (the “Company”) and its subsidiaries (the “Group”) continued to be forestry, plantation, trading business, and information technology business. There were no significant changes in the macro environment for the Group’s business. Our production and operation remained challenging.

OPERATION REVIEW

During the period under review, there was no meaningful turnaround in the unfavourable worldwide economy towards the Group’s business. There were some new variables in the business environment introduced. The Group had kept its operation scale related to the forestry project downsized to preserve its financial resources before the resumption of the forestry project while liaising and negotiating with the government departments in Papua, Indonesia on the land use right registration. According to the updated legal opinion and legal confirmation letter from Indonesian lawyers, the Company is legally permitted to carry out land clearing activities and to develop oil palm plantation business within the Mimika Concessions Areas. The application for land use right registration is merely a procedural matter and it is expected that there will not be any legal impediment.

Regarding the trading project of tailings in the Papua Province of Indonesia, during the period under review, the management continued working with the supply side and potential buyers. The contract stipulates that all deliveries be taken by August 2014.

The growing trading business still provides a stable source of revenue to the Group; however, the Group strives to increase the variety of products for trading business during the period under review, thus commenced expanding into beauty products since this period.

Quasicom Systems Limited contributes to the Group by deriving incomes from distributorship of information technology products with technical support services during the period.

The Group is looking forward to the exploding mobile game market, value of which is growing tremendously with relatively low barriers to entry. As a result, on 17 February 2014, the Company through its indirect wholly-owned subsidiary entered into a non-binding memorandum of understanding with Mian Yang Heng Da Information Technology Limited (綿陽恒達信息科技有限公司), a company incorporated in the PRC, pursuant to which the Company intended to subscribe for the 60% of the enlarged share capital of Mian Yang Heng Da Information Technology Limited (綿陽恒達信息科技有限公司). As Mian Yang Heng Da Information Technology Limited (綿陽恒達信息科技有限公司) is developing its mobile games and the cloud-based city Wi-Fi application software, such possible investment in it is in line with the Group's business development plans.

FINANCIAL RESULTS

Revenue of the Group for the three months ended 31 March 2014 was generated from the trading of dairy products and beauty products and distributorship of information technology products with technical support services, whereas for the same period in 2013 was solely from trading of agricultural-related products. The revenue increased by approximately HK\$13,657,000 to approximately HK\$15,169,000, in which trading business of dairy products and beauty products amounted approximately to HK\$11,325,000 and information technology business amounted approximately to HK\$3,844,000, in this period as compared to the same period in 2013. Gross profit margin for this period increased to approximately 6% from approximately 2% of the same period in 2013. The increase was mainly contributed by relatively higher gross profit margin derived from the trading business and information technology business. The loss attributable to the owners of the company recorded approximately HK\$5,773,000 for this period. The loss was reduced by approximately HK\$6,993,000 compared to that of 2013, which was mainly contributed by gain of approximately HK\$2,754,000 on early partial redemption of convertible bonds of HK\$20,000,000, recorded in other income and other net gains, and did not recognize any share option expense in this period, whereas 595,000,000 share options were granted under the share option scheme of the Company and therefore charged share option expense of approximately HK\$3,322,000 in the same period in 2013.

OUTLOOK

As the forestry and plantation businesses did not progress as scheduled, the Group will endeavour to optimize its operations in the Papua to preserve our financial resources before the resumption of the forestry project. In the meantime, the management will strive to grow the trading business which could provide a stable source of revenue. We will also actively look for any suitable business opportunities to further broaden the sources of revenues and cash inflows of the Group, taking into account the funding requirement and associated business risk.

The acquisition of Quasicom Systems Limited provided the Group with an opportunity to diversify into information technology business and to generate income from such business. In order to enjoy complimentary benefits, the Group on 4 April 2014 completed the acquisition of Ever Hero Group and leveraging on its reputation and experiences in online games as a new business opportunity.

The Group is looking forward to the exploding mobile game market, value of which is growing tremendously with relatively low barriers to entry. Leveraging on the reputation and experience of Ever Hero Group in online and mobile game industry and with the Company's capabilities in relation to the provision of virtualization solutions such as cloud computing and server management by its indirect wholly owned subsidiary, Quasicom Systems Limited, the Company feels that mobile game industry would be a possible business opportunity for the Company to explore.

Further to the memorandum of understanding dated 17 February 2014, on 1 April 2014, the Company through its indirect wholly owned subsidiary entered into a shareholders' agreement with Mian Yang Heng Da Investments Limited (綿陽恒達投資有限公司), the existing shareholder of Mian Yang Heng Da Information Technology Limited (綿陽恒達信息科技有限公司), pursuant to which Mian Yang Heng Da Information Technology Limited (綿陽恒達信息科技有限公司) will increase its registered capital to RMB5,000,000 from RMB500,000 by increasing RMB4,500,000, in which the Company agreed to subscribe for registered capital of Mian Yang Heng Da Information Technology Limited (綿陽恒達信息科技有限公司) in the amount of RMB3,000,000 and agreed to pay RMB1,000,000 to Mian Yang Heng Da Information Technology Limited (綿陽恒達信息科技有限公司) credited as the subscription by Mian Yang Heng Da Investments Limited (綿陽恒達投資有限公司).

As the Group's activities now include information technology business and in order to better reflect the future expansion and diversifications of the Company's business into the information technology based mobile games and application software business and provide the Company with a fresh corporate identity and image, the Company changed the English name of the Company from "Merdeka Resources Holdings Limited" to "Merdeka Mobile Group Limited" and upon the English name change becoming effective, to adopt the Chinese name "萬德移動集團有限公司" to replace "萬德資源集團有限公司" for identification purposes only with effect from 8 May 2014. The English and Chinese stock short names for trading in the Shares on the Stock Exchange was changed from "MERDEKA RES" to "MERDEKAMOBILE" and from "萬德資源" to "萬德移動" respectively with effect from 8 May 2014.
